### **REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance: The closest prior art being Sundholm '309 did not teach or suggest a fire protection system as claimed by the applicant, specifically a fire protection system comprising a fire protection glass pane of fire-risk category E as a first fire protection barrier arranged to seal off the space from the another space, and high-pressure water spray outlet nozzles for atomizing water on at least one side of the fire protection glass pane such that a curtain-like water spray haze can be applied directly in front of the fire protection glass pane as an additional, light permeable fire protection barrier for absorbing heat, wherein the spray outlet nozzles are arranged on a ceiling in front of and spaced from the fire protection glass pane and wherein the curtain-like water spray haze extends from the ceiling to a bottom end of the fire protection glass pane and has a width in a direction perpendicular to the fire protection glass pane that is from 10cm to 200 cm, together in combination with the other claimed features of applicant's invention and in view of applicant's arguments filed February 18, 2010 and June 3, 2010 which are well taken and found to be convincing.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to STEVEN J. GANEY whose telephone number is (571)272-4899. The examiner can normally be reached on 9:00-5:00; Monday-Friday.
